Seed Matching

Grade level: Preschool

Season: Spring

Larger IGS Unit: Seeds

Essential Question
What are seeds?

Objective
Identify different types of seeds to sort them and place them in cups with others of their type.

Materials
Clear plastic cups
Large seeds (goods ones include: Pumpkin, Sunflower, Bean, Pea and Corn)
Corresponding signs for chosen seeds with recognizable picture and written word for seed (e.g., a pumpkin, sunflower, bean plant, pea plant, corn cob)

Intro
Give a handful of mixed seeds to each student. Ask them if they recognize any of the seeds in front of them. What are on the pictures of each cup?

Activity
Have students sort the seeds into each cup.

Wrap up/Assessment
Observe seeds in each cup. Do they all match?

Extension
Play Seed Bingo
